

Hello Walter,

Here's your copy of the Brochure Series and Facilitator's Guide. Feel free to make as many copies as you like and use them freely. They are meant to be used, and I hope they are helpful to you and the people you are working with.

A few reminders –

As you know, the contact information on them is long since out of date. You may want to black that out prior to copying. Truth is, we don't have a lot of these left. Your skill in tracking me down wins you the prize of one of the few remaining sets.

Unfortunately, we don't have these on .pdf either.

Also – remember that the brochures on SSI and SSDI are WAY out of date in terms of the numbers. Some of the considerations and thought processes contained in them, as well as most of the Work Incentives, are still relevant. But you will want to be selective about how you use these, and not just hand them out... don't want to mislead people.

It was nice talking to you and hearing about your work. I admire your devotion and the veterans you are working with are fortunate to have you as a resource and advocate. I hope these booklets can make a difference...

Best,
